

REGIONAL SCHOOL UNIT No. 67

PARENT CONFERENCES

The R.S.U. No. 67 Board of Directors believes that a close working relationship between home and school is essential to student learning and achievement. Parent conferences provide an opportunity to report student progress, explain grades, discuss particular concerns, and encourage communication and cooperation between home and school.

A parent conference—which may include, but not be limited to, a student-led conference—will be scheduled for each student at least once annually. Parent conferences may be requested at other times and at all grade levels (K-12) by a student’s parent/guardian, teacher, or administrator.
